## FORENSIC FILES

Episode: 03162006

## Forensic Meteorology + Mold = Moldy Weather

4 GA Ins. CE Hours

Presented by:

**Tore Jakobsen,**  
V.P. & Chief Meteorologist of  
CompuWeather, Inc.

&

**Stephen Smith,**  
C.I.H., C.S.P., C.H.M.M.  
Senior Consultant, Rimkus Consulting Group

### About the Seminar

Forensic Meteorology will highlight the various types of weather, sources of data, lesser known issues of weather documentation, and how to determine whether there are issues or inconsistencies in a weather-related claim. Learn what it takes to pinpoint the exact weather conditions at the point of loss. The session will conclude with an interactive discussion of actual cases and a Q&A period.

The Mold program will cover conditions necessary for mold growth, the walk-through inspection and air sampling, the mold remediation scope of work and clearance testing. The session will conclude with a review of the Rimkus mold report and an interactive discussion of factors that result in multiple clearance tests and a Q & A period.
